

SURE FLOW™ Series Sure-Seal Plunger

Engineered and built for longevity in the harshest environments

Patent-pending crimpe lockdown

Ideal for:

- + Low GLR wells where the seal is important
- + Marginal to above marginal wells
- + Wells with lower bottom hole pressure

Interlocking pad design

Wear indicators on pads

Four Diameters Available

- + 1 1/2" Sure-Seal Plunger
- + 2 1/16" Sure-Seal Plunger
- + 2 3/8" Sure-Seal Plunger
- + 2 7/8" Sure-Seal Plunger

Available in:

- + Single Pad
- + Dual Pad
- + Triple Pad

Plunger Design

- + Patent-pending crimpe lockdown*
- + Durable in extreme environments
- + Wear indicator on pads
- + Interlocking pad design feature

* PATENT PENDING

Flowco Production Solutions is the premier provider of USA-made Gas Lift and Plunger Lift equipment. Based in Houston, Texas and deploying the best service team in the business, Flowco specializes in the design, installation and optimization of gas lift and plunger lift systems serving oil and gas basins throughout the continental US.

Flowco Production Solutions was founded with a singular goal: to safely maximize the lifespan and efficiency of oil and gas wells with high-performance artificial lift products made in the USA. Founded, owned and directed by pioneers of the artificial lift industry, Flowco is razor focused on well optimization through the use of two advanced artificial lift technologies: Flowco Gas Lift and Surge Plunger Lift. Our lift systems drive higher returns by optimizing production, reducing operating costs and minimizing downtime with reliable, custom-designed solutions tailored to the needs of each well.
